Property will cost us the earth The science on climate change has been clear for a very long time now. Yet despite decades of appeals, mass street protests, petition campaigns, and peaceful demonstrations, we are still facing a booming fossil fuel industry, rising seas, rising emission levels, and a rising temperature. With the stakes so high, why haven't we moved beyond peaceful protest? In this lyrical manifesto, noted climate scholar (and saboteur of SUV tires and coal mines) Andreas Malm makes an impassioned call for the climate movement to escalate its tactics in the face of ecological collapse. We need, he argues, to force fossil fuel extraction to stop--with our actions, with our bodies, and by defusing and destroying its tools. We need, in short, to start blowing up some oil pipelines. Offering a counter-history of how mass popular change has occurred, from the democratic revolutions overthrowing dictators to the movement against apartheid and for women's suffrage, Malm argues that the strategic acceptance of property destruction and violence has been the only route for revolutionary change. In a braided narrative that moves from the forests of Germany and the streets of London to the deserts of Iraq, Malm offers us an incisive discussion of the politics and ethics of pacifism and violence, democracy and social change, strategy and tactics, and a movement compelled by both the heart and the mind. Here is how we fight in a world on fire. Afterword by Steven Rimbauer Aligned with the TV miniseries, 'Stephen King's Rose Red', comes the publication of this rare document, offering a window into one woman's hidden emotional torment, and a record of the mysterious events at Rose Red that scandalized aristocratic society in the early 1900s - events that can only be fully understood now that the the diary has come to light, following the development of a girl into womanhood as well as the construction of the mansion that would become the site of horrific and inexplicable tragedies. "A gutsy, wise memoir-in-essays from a writer praised as 'impossible to put down'"—People From PEN America Literary Award-winning author Michelle Tea comes a moving personal essay collection about the trials and triumphs of shedding your vices in order to find yourself. As an aspiring young writer in San Francisco, Michelle Tea lived in a scuzzy communal house: she drank; she smoked; she snorted anything she got her hands on; she toiled for the minimum wage; she dated men and women, and sometimes both at once. But between hangovers and dead-end jobs, she scrawled in notebooks and organized dive bar poetry readings, working to make her literary dreams a reality. In *How to Grow Up*, Tea shares her awkward stumble towards the life of a Bona Fide Grown-Up: healthy, responsible, self-aware, and stable. She writes about passion, about her fraught relationship with money, about adoring Barney's while shopping at thrift stores, about breakups and the fertile ground between relationships, about roommates and rent, and about being superstitious ("why not, it imbues this harsh world of ours with a bit of magic"). At once heartwarming and darkly comic, *How to Grow Up* proves that the road less traveled may be a difficult one, but if you embrace life's uncertainty and dust yourself off after every screw up, slowly but surely, you just might make it to adulthood. "Wild, wickedly funny, and refreshingly relevant." —Elle "This compulsively readable collection is so damn good, you'll tear through the whole thing (and possibly take notes along the way)." —Bustle *The Book of Waking Up* invites you to wake to your coping mechanisms, find the why behind your pain, and walk into the Divine Love of God. The inevitable pain of life gives us many reasons to check out--and many ways to do it. Alcohol, entertainment, pills, shopping, porn, chasing success, cashing checks, and collecting social media "likes"--these and so many other things anesthetize us from the wounds of everyday living. As Seth Haines wrote in his award-winning book, *Coming Clean*, "We're all drunk on something." In his compelling follow-up, *The Book of Waking Up*, Seth invites you into the story of healing. He invites you to see your coping

mechanisms for what they are--lesser lovers, which cannot bring the peace, freedom, and wholeness you crave. Through guided reflections, sustainable soul practices, and stories from Seth's life and others, *The Book of Waking Up* points you toward the Divine Love of God that has the power to transform your life. As Seth writes, "Addiction is misplaced adoration." Now, join him on a journey toward the only Love worth adoring, the only Love that cures a soul. Join him on the journey to waking up. Named one of the best nonfiction books of the year by *The Washington Post* "Tangled Up in Blue is a wonderfully insightful book that provides a lens to critically analyze urban policing and a road map for how our most dispossessed citizens may better relate to those sworn to protect and serve." —*The Washington Post* "Remarkable . . . Brooks has produced an engaging page-turner that also outlines many broadly applicable lessons and sensible policy reforms." —*Foreign Affairs*

Journalist and law professor Rosa Brooks goes beyond the "blue wall of silence" in this radical inside examination of American policing. In her forties, with two children, a spouse, a dog, a mortgage, and a full-time job as a tenured law professor at Georgetown University, Rosa Brooks decided to become a cop. A liberal academic and journalist with an enduring interest in law's troubled relationship with violence, Brooks wanted the kind of insider experience that would help her understand how police officers make sense of their world—and whether that world can be changed. In 2015, against the advice of everyone she knew, she applied to become a sworn, armed reserve police officer with the Washington, DC, Metropolitan Police Department. Then as now, police violence was constantly in the news. The Black Lives Matter movement was gaining momentum, protests wracked America's cities, and each day brought more stories of cruel, corrupt cops, police violence, and the racial disparities that mar our criminal justice system. Lines were being drawn, and people were taking sides. But as Brooks made her way through the police academy and began work as a patrol officer in the poorest, most crime-ridden neighborhoods of the nation's capital, she found a reality far more complex than the headlines suggested. In *Tangled Up in Blue*, Brooks recounts her experiences inside the usually closed world of policing. From street shootings and domestic violence calls to the behind-the-scenes police work during Donald Trump's 2016 presidential inauguration, Brooks presents a revelatory account of what it's like inside the "blue wall of silence." She issues an urgent call for new laws and institutions, and argues that in a nation increasingly divided by race, class, ethnicity, geography, and ideology, a truly transformative approach to policing requires us to move beyond sound bites, slogans, and stereotypes. An explosive and groundbreaking investigation, *Tangled Up in Blue* complicates matters rather than simplifies them, and gives pause both to those who think police can do no wrong—and those who think they can do no right. In this version of "Pat a cake, pat a cake, baker's man," a boy and his mother get beignets. "Lorenzo isn't happy about moving. But in his new room, he finds an old desk with what seems like hundreds of drawers. Each even has its own smell! Deep inside the desk, he finds a book and begins to read. When he looks up, he sees all kinds of curious things. Has the book come to life? Or is it something else? This is a graphic novel about observation, imagination, and the many incredible lenses through which everyday experience might be perceived if you read." --Provided by publisher

Named one of 2021's Best Beach Reads by *Bustle* • *Country Living* • *Cosmopolitan* • *Augusta Chronicle* • *E! Online* • *PureWow* • *SheReads* • and more! Breakups, like book clubs, come in many shapes and sizes and can take us on unexpected journeys as four women discover in this funny and heartwarming exploration of friendship from the USA Today bestselling author of *Ten Beach Road* and *My Ex-Best Friend's Wedding*. On paper, Jazmine, Judith, Erin and Sara have little in common – they're very different people leading very different lives. And yet at book club meetings in an historic carriage house turned bookstore, they bond over a shared love of reading (and more than a little wine) as well as the growing realization that their lives are not turning out like they expected. Former tennis star Jazmine is a top sports agent balancing a career and single motherhood. Judith is an empty nester questioning her marriage and the supporting role she chose. Erin's high school sweetheart and fiancé develops a bad case of cold feet, and Sara's husband takes a job out of town saddling Sara with a difficult mother-in-law who believes her son could have done better – not exactly the roommate most women dream of. With the help of books, laughter, and the joy of ever evolving friendships, Jazmine, Judith, Erin and Sara find the courage to navigate new and surprising chapters of their lives as they seek their own versions of happily-ever-after. Follow Charlie as she makes a plan to sell cookies around her neighborhood. Sales isn't as easy as it looks, but with some practice, Charlie is on her way to making a difference and learning the true meaning of what sales is all about. "A page-turning book that spans a century of worker strikes.... Engrossing, character-driven, panoramic." —*The New York Times Book Review*

We live in an era of soaring corporate profits and anemic wage gains, one in which low-paid jobs and blighted blue-collar communities have become a common feature of our nation's landscape. Behind these trends lies a little-discussed problem: the decades-long decline in worker power. Award-winning journalist and author Steven Greenhouse guides us through the key episodes and trends in history that are essential to understanding some of our nation's most pressing problems, including increased income inequality, declining social mobility, and the concentration of political power in the hands of the wealthy few. He exposes the modern labor landscape with the stories of dozens of American workers, from GM employees to Uber drivers to underpaid schoolteachers. Their fight to take power back is crucial for America's future, and Greenhouse proposes concrete, feasible ways in which workers' collective power can be—and is being—rekindled and reimagined in the twenty-first century. *Beaten Down, Worked Up* is a stirring and essential look at labor in America, poised as it is between the tumultuous struggles of the past and the vital, hopeful struggles ahead. With six beautifully illustrated pop up spreads, this is sure to light up your book collection! Best known for riding the biggest waves the world over, in his first-ever cookbook, surf icon Laird Hamilton opens his kitchen and shares his healthy and exotic recipes garnered from a lifetime of far-out travels. From the Wild Coast of South Africa to the Gold Coast of Australia, Laird's novel take on food and life is synthesized in a cookbook unlike any other that invites readers to master both themselves and the world, through the art of fueling up! This triumphant picture book recasts a charged phrase as part of a black girl's everyday life--hands up for a hug, hands up in class, hands up for a high five--before culminating in a moment of resistance at a protest march. A young black girl lifts her baby hands up to greet the sun, reaches her hands up for a book on a

high shelf, and raises her hands up in praise at a church service. She stretches her hands up high like a plane's wings and whizzes down a hill so fast on her bike with her hands way up. As she grows, she lives through everyday moments of joy, love, and sadness. And when she gets a little older, she joins together with her family and her community in a protest march, where they lift their hands up together in resistance and strength. After almost sixty years as an actor, William Shatner has become one of the most beloved entertainers in the world. And it seems as if Shatner is everywhere. In *Up Till Now*, Shatner sits down with readers and offers the remarkable, full story of his life and explains how he got to be, well, everywhere. It was the original *Star Trek* series, and later its films, that made Shatner instantly recognizable, called by name--or at least by Captain Kirk's name--across the globe. But Shatner neither began nor has ended his career with that role. From the very start, he took his skills as an actor and put them to use wherever he could. He straddled the classic world of the theater and the new world of television, whether stepping in for Christopher Plummer in Shakespeare's *Henry V* or staring at "something on the wing" in a classic episode of *The Twilight Zone*. And since then, he's gone on to star in numerous successful shows, such as *T.J. Hooker*, *Rescue 911*, and *Boston Legal*. William Shatner has always been willing to take risks for his art. What other actor would star in history's first--and probably only--all-Esperanto-language film? Who else would share the screen with thousands of tarantulas, release an album called *Has Been*, or film a racially incendiary film in the Deep South during the height of the civil rights era? And who else would willingly paramotor into a field of waiting fans armed with paintball guns, all waiting for a chance to stun Captain...er, Shatner? In this touching and very funny autobiography, William Shatner's *Up Till Now* reveals the man behind these unforgettable moments, and how he's become the worldwide star and experienced actor he is today. "It is now Bill Shatner's universe---we just live in it."--New York Daily News

After decades of art collecting, prominent Washington D.C.-based activist, philanthropist, and founder of the august Duke Ellington School of the Arts, Peggy Cooper Cafritz had amassed one of the most important collections of work by artists of color in the country. But in 2009, the more than three hundred works that comprised this extraordinary collection were destroyed in the largest residential fire in Washington, D.C. history. The pioneering collection included art by Kara Walker, Kerry James Marshall, Mickalene Thomas, Yinka Shonibare, Nick Cave, Kehinde Wiley, Barkley L. Hendricks, Lorna Simpson, and Carrie Mae Weems, among many others. This beautifully illustrated volume features 200 of the works that were lost, along with works that she has collected since the fire, as well as important contributions by preeminent curators and artists. Guaranteed to make you say, "Wow!"

Book lovers will find *Morningstar* irresistible."--Lynn Sharon Schwartz, author of *Ruined by Reading*

Growing up in a mill town in Rhode Island, in a household that didn't foster a love of reading, novelist Ann Hood discovered nonetheless the transformative power of literature. She learned to channel her imagination, ambitions, and curiosity by devouring ever-growing stacks of books. In *Morningstar*, Hood recollects with warmth and honesty how *The Bell Jar*, Marjorie Morningstar, *The Harrad Experiment*, and *The Outsiders* influenced her teen psyche and introduced her to topics that could not be discussed at home: desire, fear, sexuality, and madness. Later, *Johnny Got His Gun* and *Grapes of Wrath* dramatically influenced her political thinking while the Vietnam War and Kent State shootings became headline news, and classics such as *Dr. Zhivago* and *Les Misérables* stoked her ambitions to travel the world. With characteristic insight and charm, Hood showcases the ways in which books gave her life and can transform—even save—our own lives. Color is magic! Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? *Bring Up the Bodies* is one of The New York Times' 10 Best Books of 2012, one of Publishers Weekly's Top 10 Best Books of 2012 and one of The Washington Post's 10 Best Books of 2012 An energetic and electrifying narrative about all things weather—by one of today's rising meteorological stars. Get in—we're going storm-chasing! Imagine a very cool weather nerd has just pulled up to you and yelled this out the window of his custom-built armored storm-chasing truck. The wind is whipping around, he's munching on Wawa, it's all very chaotic—yet as you look into his grinning face, you feel the greatest surge of adrenaline you have ever felt in your life. Hallelujah: your cavalry is here! Welcome to the brilliance of *Looking Up*, the lively new book from rising meteorology star Matthew Cappucci. He's a meteorologist for The Washington Post, and you might think of him as Doogie Howser meets Bill Paxton from *Twister*, with a dash of Leonardo DiCaprio from *Catch Me If You Can*. A self-proclaimed weather nerd, at the age of fourteen he talked his way into delivering a presentation on waterspouts at the American Meteorological Society's annual broadcast conference by fudging his age on the application and created his own major on weather science while an undergrad at Harvard. Combining reportage and accessible science with personal storytelling and infectious enthusiasm, *Looking Up* is a riveting ride through the state of our weather and a touching story about parents and mentors helping a budding scientist achieve his improbable dreams. Throughout, readers get a tutorial on the basics of weather science and the impact of the climate. As our country's leaders sound the alarm on climate change, few people have as close a view to how serious the situation actually is than those whose job is to follow the weather, which is the daily dose of climate we interact with and experience every day. The weather affects every aspect of our lives (even our art) as well as our future. The way we think about it requires a whole-life overhaul. Rain or shine, tropical storm or twister, Cappucci is

here to help us begin the process. So get in his storm-chasing truck already, will ya? "Grand reading. Rothchild's scenario deliciously underscores the bizarre quality of Florida."--Publishers Weekly "A story of rapacity and gall told with bemused admiration for the waves of visionaries and scamps who have left their mark on the Sunshine State . . . a tale of the wild, wild South in which motives, loyalties, and identities are lost in a tangle of crime and counterinsurgency."--Time A wandering Floridian who made his way home in the early 1970s, John Rothchild writes about the state with the savvy of a native and the perspective of an outsider. His personal and historical travelogue reads alternately like a litany of 20th-century ills and a Monty Python rendering of the Great American Dream. In Florida, both versions are true. Settled through the chicanery of a few enterprising brokers and real estate wizards, Rothchild's Florida is a civilization built from scratch, out of the most unusual ingredients. While much of the state seems younger than many of its inhabitants, he observes, it hosts all the modern demographic, economic, and social problems. Still, those ills don't dispel the magic of its sunshine, beaches, and exotic fauna or undermine its status as a great American myth. Told within the framework of Rothchild's travels from Miami to the Everglades, around the state and back again, *Up for Grabs* is part history, part travelogue, part journalism, part autobiography--a humorous and appreciative tour of a society fabricated from a state of mind and erected on land that was "ninety percent underwater ninety percent of the time." John Rothchild, a former editor of *Washington Monthly*, columnist for *Time* and *Fortune*, and contributor to *Esquire*, *Rolling Stone*, *Harper's Magazine*, and the *New York Times Magazine*, is author or coauthor of nine books, including *A Fool and His Money* and *Voice of the River*, the autobiography of Marjory Stoneman Douglas. He lives in Miami Beach, Florida. When a best man's corpse is found hanging from the grand staircase at her family's mansion, clambake caterer Julia Snowden must join the search for the killer. Original. The *Necronomicon Pop Up* book contains five pop up spreads each of which illustrates key moments in seminal H.P. Lovecraft stories. The *Necronomicon Pop Up* book is illustrated by Skinner and designed/produced by Poposition Press. Don't spend another dollar on makeup until you use this book. It's fun. It's easy. It's foolproof. The celebrated author, who has already helped millions of women discover the best colors for their **WARDROBES** now shows you how to choose the **MAKEUP** colors that will make you look your best! **INSTANT NATIONAL BESTSELLER** The founder of *Girls Who Code* and bestselling author of *Brave, Not Perfect* confronts the "big lie" of corporate feminism and presents a bold plan to address the burnout and inequity harming America's working women today. We told women that to break glass ceilings and succeed in their careers, all they needed to do is dream big, raise their hands, and lean in. But data tells a different story. Historic numbers of women left their jobs in 2021, resulting in their lowest workforce participation since 1988. Women's unemployment rose to nearly fifteen percent, and globally women lost over \$800 billion in wages. Fifty-one percent of women say that their mental health has declined, while anxiety and depression rates have skyrocketed. In this urgent and rousing call to arms, Reshma Saujani dismantles the myth of "having it all" and lifts the burden we place on individual women to be primary caregivers, and to work around a system built for and by men. The time has come, she argues, for innovative corporate leadership, government intervention, and sweeping culture shift; it's time to **Pay Up**. Through powerful data and personal narrative, Saujani shows that the cost of inaction—for families, for our nation's economy, and for women themselves—is too great to ignore. She lays out four key steps for creating lasting change: empower working women, educate corporate leaders, revise our narratives about what it means to be successful, and advocate for policy reform. Both a direct call to action for business leaders and a pragmatic set of tools for women themselves, *Pay Up* offers a bold vision for change as America defines the future of work. Built by bestselling paper engineer Reinhart, this pop-up book brings the most-loved locations of *Warcraft* to life. Each page unfolds into an eye-popping treat, depicting iconic sites with brand-new art and interactive pieces. Master pop-up artist Chuck Fischer's most glorious creation yet -- **CHRISTMAS AROUND THE WORLD** is the perfect holiday gift. Featuring France, Germany, Russia, Latin America, Scandinavia, Great Britain, Italy, and the United States, every spread is packed with delights: a luxurious central pop-up image, plus removable booklets, pullouts, mini pop-ups, and more. The text illuminates unique Christmas traditions, gift legacies, and portraits of mythic figures, such as England's Father Christmas and Italy's *Le Befana*. Like *Christmas in New York*, **CHRISTMAS AROUND THE WORLD** is destined to become a treasured

keepsake and a bestseller for years to come. The inspiring, unlikely, laugh-out-loud story of how one woman learned to lead—and how she ultimately succeeded, not despite her many mistakes, but because of them. This is the story of how Kristen Hadeed built *Student Maid*, a cleaning company where people are happy, loyal, productive, and empowered, even while they're mopping floors and scrubbing toilets. It's the story of how she went from being an almost comically inept leader to a sought-after CEO who teaches others how to lead. Hadeed unintentionally launched *Student Maid* while attending college ten years ago. Since then, *Student Maid* has employed hundreds of students and is widely recognized for its industry-leading retention rate and its culture of trust and accountability. But Kristen and her company were no overnight sensation. In fact, they were almost nothing at all. Along the way, Kristen got it wrong almost as often as she got it right. Giving out hugs instead of feedback, fixing errors instead of enforcing accountability, and hosting parties instead of cultivating meaningful relationships were just a few of her many mistakes. But Kristen's willingness to admit and learn from those mistakes helped her give her people the chance to learn from their own screwups too. *Permission to Screw Up* dismisses the idea that leaders and organizations should try to be perfect. It encourages people of all ages to go for it and learn to lead by acting, rather than waiting or thinking. Through a brutally honest and often hilarious account of her own struggles, Kristen encourages us to embrace our failures and proves that we'll be better leaders when we do. Text and pop-up illustrations depict the rich variety of plant and animal life found in a tropical rain forest. What a Mess! follows two siblings on a misadventure of epic proportions after the mess in their room becomes completely out-of-control! The cluttered chaos begins to explode from their doorway, sends them to the top of a toymountain, spins them around in a dust-nado, and much more! Every page turn has dazzling and complex paper pop-ups - that will surely delight and amaze. *Parenting isn't easy. Showing up is.* Your greatest impact begins right where you are. Now the bestselling authors of *The Whole-Brain Child* and *No-Drama Discipline* explain what this means over the course of childhood. "There is parenting magic in this book."—Michael Thompson, Ph.D., co-author of the *New York Times* bestselling classic *Raising Cain* One of the very best scientific predictors for how any child turns out—in terms of happiness, academic success, leadership skills, and meaningful relationships—is whether at least one adult in their life has consistently shown up for them. In an age of scheduling demands and digital distractions, showing up for your child might sound like a tall order. But as bestselling authors Daniel Siegel and Tina Payne Bryson reassuringly explain, it doesn't take a lot of time, energy, or money. Instead, showing up means offering a quality of presence. And it's simple to provide once you understand the four building blocks of a child's healthy development. Every child needs to feel what Siegel and Bryson call the Four S's: • **Safe**: We can't always insulate a child from injury or avoid doing something that leads to hurt feelings. But when we give a child a sense of safe harbor, she will be able to take the needed risks for growth and change. • **Seen**: Truly seeing a child means we pay attention to his emotions—both positive and negative—and strive to attune to what's happening in his mind beneath his behavior. • **Soothed**: Soothing isn't about providing a life of ease; it's about teaching your child how to cope when life gets hard, and showing him that you'll be there with him along the way. A soothed child knows that he'll never have to suffer alone. • **Secure**: When a child knows she can count on you, time and again, to show up—when you reliably provide safety, focus on seeing her, and soothe her in times of need, she will trust in a feeling of secure attachment. And thrive! Based on the latest brain and attachment research, *The Power of Showing Up* shares stories, scripts, simple strategies, illustrations, and tips for honoring the Four S's effectively in all kinds of situations—when our kids are struggling or when they are enjoying success; when we are consoling, disciplining, or arguing with them; and even when we are apologizing for the times we don't show up for them. Demonstrating that mistakes and missteps are repairable and that it's never too late to mend broken trust, this book is a powerful guide to cultivating your child's healthy emotional landscape. An exciting, fun-to-read, noisy board book with flaps and pop-ups, perfect for reading aloud with preschoolers and promoting hands-on, active learning. From steam trains to underground trains to double-decker trains, *My Best Pop-up Noisy Train Book* covers all the favorites, and an embedded sound button enhances the reading experience on each and every page. Train drivers, passengers, and other featured characters inspire toddlers to talk and focus on the scene, and text and word labels help develop vocabulary and encourage picture-and-word association. With its heavy board format, topical appeal, and lively approach, *My Best*

Pop-up Noisy Train Book is a must-have for train-loving toddlers.
