Arlo The Lion Who Couldn't Sleep Jun 21 2020 Arlo The Lion Who Couldn't Sleep is a beautifully illustrated story with a gentle mindfulness message from award-winning author-illustrator Catherine Rayner. Shortlisted for the Kate Greenaway Medal, it's an ideal bedtime book, and especially helpful for little ones who have trouble going to sleep. Arlo the lion is exhausted. He just can't drop off, no matter what he tries. It's either too hot, or too cold; too loud or too quiet. But then he meets Owl. She can sleep through the day, which isn't easy when most other animals are awake! Will Arlo ever get any rest? Perhaps his new friend has some special tricks she can teach him.

Who Said It Couldn't Be Done? Jun 14 2022 WHO SAID IT COULDN'T BE DONE? A Diamond From The Rough This book candidly chronicles one woman's journey through life on Chicago's west side involving poverty, incest, drug addiction, incarceration and lesbianism to eventually gaining sobriety, spiritual redemption and inner peace. In Denise's words: "Deep insecurity and inferiority, drug addiction and role confusion tormented me for many years. Often I wondered if I were a boy or a girl; if I were human or an animal. Who am I? What am I? Why am I? In spite of all these obstacles, Denise grabbed hold to a seed of hope. She dropout of school at an early age, Denise now holds a Bachelor of Arts in Applied Behavioral Sciences and a Master of Science in Nonprofit Management. As an author, motivational speaker and deliverance minister, Denise inspires individuals from all walks of life to reach above life's circumstances. Do not miss your opportunity to be touched by her powerful story. Her message is to the masses. "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new". 2nd Corinthians 5:17

I Couldn't Love You More Feb 22 2023 Color illustrations and simple text share the message that Jesus' love is even stronger than a parent's love for a child.

The Family That Couldn't Sleep Feb 16 2020 For two hundred years a noble Venetian family has suffered from an inherited disease that strikes their members in middle age, stealing their sleep, eating holes in their brains, and ending their lives in a matter of months. In Papua New Guinea, a primitive tribe is nearly obliterated by a sickness whose chief symptom is uncontrollable laughter. Across Europe, millions of sheep rub their fleeces raw before collapsing. In England, cows attack their owners in the milking parlors, while in the American West, thousands of deer starve to death in fields full of grass. What these strange conditions—including fatal familial insomnia, kuru, scrapie, and mad cow disease—share is their cause: prions. Prions are ordinary proteins that sometimes go wrong, resulting in neurological illnesses that are always fatal. Even more mysterious and frightening, prions are almost impossible to destroy because they are not alive and have no DNA—and the diseases they bring are now spreading around the world. In *The Family That Couldn't Sleep*, essayist and journalist D. T. Max tells the spellbinding story of the prion's hidden past and deadly future. Through exclusive interviews and original archival research, Max explains this story's connection to human greed and ambition—from the Prussian chemist Justus von Liebig, who made cattle meatier by feeding them the flesh of other cows, to New Guinean natives whose custom of eating the brains of the dead nearly wiped them out. The biologists who have investigated these afflictions are just as extraordinary—for example, Daniel Carleton Gajdusek, a self-described “pedagogic pedophile pediatrician” who cracked kuru and won the Nobel Prize, and another Nobel winner, Stanley Prusiner, a driven, feared self-promoter who identified the key protein that revolutionized prion study. With remarkable precision, grace, and sympathy, Max—who himself suffers from an inherited neurological illness—explores maladies that have tormented humanity for centuries and gives reason to hope that someday cures will be found. And he eloquently demonstrates that in our relationship to nature and these ailments, we have been our own worst enemy. Advance praise “*The Family that Couldn't Sleep* is a riveting detective story that plumbs one of the deepest mysteries of biology. The story takes the reader from the torments of an Italian family cursed with sleeplessness to the mad cows of England (and, now, America), following an unlikely trail of misfolded proteins. D. T. Max unfolds his absorbing narrative with rare grace and makes the science sing.” –Michael Pollan, author of *The Omnivore's Dilemma* and *The Botany of Desire* “Much has been written about prions and Mad Cow Disease—nearly all of it is worthless. Thankfully, from the world of journalism comes D.T. Max to set things right. Throw all those other “Mad Cow” books in the trash: This is the book to read about prions—or whatever you want to call them. It's a riveting tale, told by someone with a very special understanding, derived in part from his own strange ailment. Find a cozy spot, clear your schedule and dive in.” – Laurie Garrett, author of *Betrayal of Trust* and *The Coming Plague* “D. T. Max deftly unfolds the mysterious prion in all its villainous guises. Although scientists do not fully understand these proteins—how they replicate and wreak such havoc in their victims' brains—*The Family That Couldn't Sleep* reveals their historical, cultural, and scientific place in our world. Prepare to be enlightened, entertained, and frightened.” –Katrina Firlik, MD, author of *Another Day in the Frontal Lobe* “A great book. D.T. Max has drawn the curtain on a cabinet of folly and malady that will stagger your imagination.” – Philip Weiss, author of *American Taboo* “D.T. Max has combined the enthralling medical anthropology of Oliver Sacks with the gothic horror of Stephen King to produce a medical detective story that is as intelligent as it is spooky. The villain of *The Family That Couldn't Sleep* is the prion, a tiny little protein that causes some of the most terrifying, brain-mangling, creepy diseases known to man. Always fascinating—how could it not be, given that its characters include cannibals, mad cows, madder sheep, a Nobel prize-winning pedophile, and, most poignantly, an Italian family cursed by fatal insomnia?—Max's book is also a gripping account of scientific discovery, and a heartfelt meditation on what it means to be cursed with an incurable, and brutal, illness.” – David Plotz, author of *The Genius Factory*

I Just Couldn't Wait to Meet You Jan 29 2021 Much-loved actor and radio presenter Kate Ritchie's first book is a beautiful tribute to the joy and anticipation of expecting a child. When you were still a treasured bump, tucked safe away inside, I thought about you night and day and in my sleep - it's true. My heart was full of hope and love. I just couldn't wait to meet you. A heartwarming story to share with the children in your family.

The Equation that Couldn't Be Solved Dec 20 2022 What do Bach's compositions, Rubik's Cube, the way we choose our mates, and the physics of subatomic particles have in common? All are governed by the laws of symmetry, which elegantly unify scientific and artistic principles. Yet the mathematical language of symmetry—known as group theory—did not emerge from the study of symmetry at all, but from an equation that couldn't be solved. For thousands of years mathematicians solved progressively more difficult algebraic equations, until they encountered the quintic equation, which resisted solution for three centuries. Working independently, two great prodigies ultimately proved that the quintic cannot be solved by a simple formula. These geniuses, a Norwegian named Niels Henrik Abel and a romantic Frenchman named Évariste Galois, both died tragically young. Their incredible labor, however, produced the origins of group theory. The first extensive, popular account of the mathematics of symmetry and order, *The Equation That Couldn't Be Solved* is told not through abstract formulas but in a beautifully written and dramatic account of the lives and work of some of the greatest and most intriguing mathematicians in history.

The World That Couldn't Be Sep 17 2022 Like every farmer on every planet, Duncan had to hunt down anything that damaged his crops—even though he was aware this was *The World That Couldn't Be*. I Couldn't Love You More Jan 21 2023 Which child would you save? A decision no parent can even fathom. Eliot Gordon would do anything for her family. A 38-year-old working mother, she lives an ordinary but fulfilling life in suburban Atlanta with her partner, Grant Delaney, and their three daughters. The two older girls are actually Eliot's stepdaughters, a distinction she is reluctant to make as she valiantly attempts to maintain a safe, happy household . . . Then Finn Montgomery, Eliot's long-lost first love, appears, triggering a shocking chain of events that culminates in a split-second decision that will haunt her beloved family forever. How Eliot survives-and what she loses in the process-is a story that will resonate with anyone who has ever loved a child. With hilarious honesty, wrenching depth, and a knockout twist, *I COULDN'T LOVE YOU MORE* illuminates the unbreakable bonds of family and reveals the lengths we'll go to save each other, even as we can't save ourselves.

The Man Who Couldn't Stop Jul 03 2021 An intimate look at the power of intrusive thoughts, how our brains can turn against us, and living with obsessive compulsive disorder Have you ever had a strange urge to jump from a tall building or steer your car into oncoming traffic? You are not alone. In this captivating fusion of science, history, and personal memoir, David Adam explores the weird thoughts that exist within every mind, and how they drive millions of us toward obsession and compulsion. Adam, an editor at Nature and an accomplished science writer, has suffered from obsessive-compulsive disorder for twenty years, and *The Man Who Couldn't Stop* is his unflinchingly honest attempt to understand the condition and his experiences. What might lead an Ethiopian schoolgirl to eat a wall of her house, piece by piece, or a pair of brothers to die beneath an avalanche of household junk that they had compulsively hoarded? At what point does a harmless idea, a snowflake in a clear summer sky, become a blinding blizzard of unwanted thoughts? Drawing on the latest research on the brain, as well as historical accounts of patients and their treatments, this is a book that will challenge the way you think about what is normal and what is mental illness. Told with fierce clarity, humor, and urgent lyricism, this extraordinary book is both the haunting story of a personal nightmare and a fascinating doorway into the darkest corners of our minds.

The Little Old Lady Who Couldn't Fall Asleep Feb 27 2021 "This book is an unusual way to learn about the mitzvah of loving your neighbor"--Cover.

All We Knew But Couldn't Say Nov 14 2019 Joanne Vannicola grew up in a violent home with a physically abusive father and a mother who had no sexual boundaries. After being pressured to leave home at fourteen, and after fifteen years of estrangement, Joanne learns that her mother is dying. Compelled to reconnect, she visits with her, unearthing a trove of devastating secrets. Joanne relates her journey from child performer to Emmy Award-winning actor, from hiding in the closet to embracing her own sexuality, from conflicted daughter and sibling to independent woman. *All We Knew But Couldn't Say* is a testament to survival, love, and the belief that it is possible to love the broken, and to love fully, even with a broken heart.

They Said it Couldn't be Done Jun 02 2021 Describes 10 feats of engineering that were believed to be impossible including the construction of the Brooklyn Bridge, the Empire State Building, the Hoover Dam, and the landing on the Moon.

The Boy Who Wasn't And The Girl Who Couldn't Be May 13 2022 Jerome walks over to the giant monitor screen and switches it on before taking a seat on his sofa. A public service announcement displays. He tries changing the channel but all the other channels appear to be off air. A voice speaks. "Good morning, Jerome. An apocalyptic event has befallen planet earth. You are one of six survivors." Jerome doesn't know whether he should feel happy that he survived or sad that the rest of humanity has perished. The voice continues. "Food and clothing will be provided for you. Your need for social interaction will be via video-conferencing with the other five survivors. Unfortunately, you may not meet them in person - the environment outside your apartment is toxic and any attempt to leave will result in your death." A post-apocalyptic romance, this story finds Jerome settling into his new solitary and regimented life. One day his world is turned upside when he discovers a girl who shouldn't exist in his kitchen. At first, he is frightened of her but, as he gets to know her, she introduces him to a world of human experiences that he could never have imagined.

Things We Couldn't Say Dec 28 2020 From one of the brightest and most acclaimed new lights in YA fiction, a fantastic new novel about a bi Black boy finding first love . . . and facing the return of the mother who abandoned his preacher family when he was nine. There's always been a hole in Gio's life. Not because he's into both guys and girls. Not because his father has some drinking issues. Not because his friends are always bringing him their drama. No, the hole in Gio's life takes the shape of his birth mom, who left Gio, his brother, and his father when Gio was nine years old. For eight years, he never heard a word from her . . . and now, just as he's started to get his life together, she's back. It's hard for Gio to know what to do. Can he forgive her like she wants to be forgiven? Or should he tell her she lost her chance to be in his life? Complicating things further, Gio's started to hang out with David, a new guy on the basketball team. Are they friends? More than friends? At first, Gio's not sure . . . especially because he's not sure what he wants from anyone right now. There are no easy answers to love -- whether it's family love or friend love or romantic love. In *Things We Couldn't Say*, Jay Coles, acclaimed author of *Tyler Johnson Was Here*, shows us a guy trying to navigate love in all its ambiguity -- hoping at the other end he'll be able to figure out who is and who he should be.

The Man Who Couldn't Eat Aug 16 2022 The story of the author's struggle with chronic illness.

George Lisle: A Faith That Couldn't Be Denied Oct 18 2022 *George Lisle: A Faith That Couldn't Be Denied* documents the pioneers of a nation. Three generations of men and women who, led and inspired by the ministry of George Lisle, advocated for a nation, from enslavement to emancipation and beyond. This work offers insight into a people and a movement who, in facing the most heinous and violent conditions, demonstrated boldness, bravery, self-sacrifice, and faith beyond measure as they sought to achieve freedom for generations of people who they knew they would never meet.

The Chicken Who Couldn't Dec 08 2021 After falling out of Farmer's truck, Chicken must find his own way home in this goofy, laugh-out-loud story about overcoming obstacles and believing in yourself. It has not been a good day for Chicken. He went to the fair with Farmer, but didn't win even one ribbon. And on the way home, the road is so bumpy that Farmer's truck knocks Chicken right out! He's been left behind! It's the end for Chicken. Surely, he can't walk all the way home. Or avoid the hungry fox along the way. Or maybe...he can? This rollicking picture book will have little ones in giggles over Chicken's misadventures and chiming in on the plucky fowl's mantra "I am a strong and powerful and nice-looking chicken!" as he achieves more than he thought possible.

The Ants Who Couldn't Dance Nov 19 2022 When the music starts playing, everyone can dance...except the ants. They can lift, build, and dig, so why can't they twirl, dip, and jig? As the ants try to dance, they discover they are better together in this toe-tapping tale that shows the value of cooperation and teamwork. Readers will laugh (and dance) along with this whimsically illustrated story that encourages creative problem-solving and inspires even the littlest among us to pursue big dreams.

I Couldn't Love You More Oct 26 2020 A sweeping story of three generations of women, crossing from London to Ireland and back again, and the enduring effort to retrieve the secrets of the past It's London, 1960, and Aoife Kelly—once the sparkling object of young men's affections—runs pubs with her brusque, barking husband, Cash. Their courtship began in wartime London, before they returned to Ireland with their daughters in tow. One of these daughters—fiery, independent-minded Rosaleen—moves back to London, where she meets and begins an affair with the famous sculptor Felix Lehmann, a German-Jewish refugee artist over twice her tender eighteen years. When Rosaleen finds herself pregnant with Felix's child, she is evicted from her flat, dismissed from her job, and desperate to hide the secret from her family. Where, and to whom, can she turn? Meanwhile, Kate, another generation down, lives in present-day London with her young daughter and husband, an unsuccessful musician and destructive alcoholic. Adopted and floundering to find a sense of herself in the midst of her unhappy marriage, Kate sets out to track down her birth mother, a search that leads her to a Magdalene Laundry in Ireland and the harrowing history that it holds. Stirring and nostalgic at moments, visceral and propulsive at others, *I Couldn't Love You More* is a tender, candid portrait of love, sex, motherhood, and the enduring ties of family. It is impossible not to fall under the spell of this tale of mothers and

daughters, wives and muses, secrets and outright lies.

New Jersey Governor Brendan Byrne May 01 2021 Known by mobsters as the man who couldn't be bought, Brendan Byrne led New Jersey into a new era when he won the state's gubernatorial election by a landslide in the wake of political corruption scandals. A former prosecutor and judge, he was soon condemned as one-term Byrne, the inept politician who few thought would risk the humiliation of standing for a second term. Yet Byrne surprised everyone by pulling off the state's most remarkable political comeback, winning re-election and leaving a legacy of preserving the vast resources of the Pinelands, enacting the state's first income tax and comprehensive school financing reform, developing the Meadowlands, approving casino gambling in Atlantic City, and initiating strong environmental controls to combat pollution.

Ricky, the Rock That Couldn't Roll Aug 04 2021 Unlike the other rocks that he plays with, Ricky can't roll because he isn't round. His friends help him to overcome his challenge and find a way for him to play like everyone else.

Players and Pretenders Aug 24 2020 *Players and Pretenders* tells the story of the flip side of basketball's "March Madness," where the game is played by average players for love, not for money. At the end of the 1970s at Bard College, where there was no pretense of institutional support, Charley Rosen gathered his hoops hopefuls and put together a basketball season whose impact reached far beyond the court. Writing with a humorous touch, Rosen details the Running Red Devils' season, simultaneously examining the lives of those who made it so memorable and providing a glimpse of how the team members existed off the courts as both players and pretenders. His book playfully depicts the 1979-80 basketball season at Bard College and the "sports for fun" side of the game.

The Cup They Couldn't Lose Nov 26 2020 The definitive story of the Ryder Cup—the event that pits the best golfers from America against the best from Europe—exploring the modern history of the tournament that led to the showdown at Whistling Straits in 2021. The task facing Steve Stricker at the 2021 Ryder Cup was enormous. It was his job, as the American captain, to stare down almost 40 years of Ryder Cup history, break a pattern of home losses that had persisted almost as long, and reverse the tide of European dominance in one of golf's most tense and emotional events. This was the epitome of a must-win, but it was also something more—in the entire 93-year history of the event, no American side had ever faced this kind of pressure. Starting on the morning of September 24, those 12 players competed not just for a Cup, or for pride, but to save the reputation of the U.S. team itself. The great mystery of the Ryder Cup is that America loses despite having superior individual talent. The European renaissance began in the 1980s, led by the brilliant Tony Jacklin and Seve Ballesteros, and since then, the U.S. has suffered a slew of embarrassing defeats abroad and at home. The signs in 2021 weren't good: Tiger Woods was out after his horrific car crash, Patrick Reed ("Captain America," to his supporters) was hospitalized with double pneumonia weeks before the event, and America had to rely on its rising stars—including Bryson DeChambeau and Brooks Koepka, who spent most of the year immersed in an escalating feud—to prove their mettle. Meanwhile, the European team had a few major stars of its own, like Jon Rahm, the world no. 1 and the first Spanish player ever to win the U.S. Open, and Rory McIlroy, the four-time major winner. Throw in the complications of a global pandemic, and the stage was set for one of the strangest Ryder Cups ever. Following the drama in Wisconsin while deconstructing the rich history of the tournament, *The Cup They Couldn't Lose* tells the story of how the U.S. defeated Europe in record fashion, restored their status as golf's global superpower, and transformed their entire way of thinking in order to truly understand the nature of the Ryder Cup.

The Gang That Couldn't Shoot Straight Feb 10 2022 New York Times bestseller: A novel of a messy mob war in Brooklyn that "makes you laugh out loud" (Chicago Sun-Times). Kid Sally Palumbo has been a loyal servant to the Brooklyn Mafia for years. His specialty is murder, and he is so skilled at it that he has gotten the attention of Mafia boss Papa Baccala. But unfortunately for Kid Sally, murder pays poorly. He wants to make real dough, to get respect, and to be able to tell his colleagues where to sit when they eat dinner. In short, he wants to be boss. The job would be his for the taking—if only Kid Sally weren't a Grade A moron. To keep Sally from stirring up trouble, Baccala tosses him an easy assignment: Organize a bicycle race through Brooklyn, and keep the profits. Kid Sally bungles it, setting off a turf war that quickly engulfs the borough. The dimwitted mobsters are masters in the art of murder, and they are about to put on a show. This ebook features an illustrated biography of Jimmy Breslin including rare photos and never-before-seen documents from the author's personal collection.

The Thing Lou Couldn't Do Sep 05 2021 An endearing story about a little girl who doesn't think she can. "Up there! The tree can be our ship!" one of Lou's friends exclaims when they decide to play pirates. "Ummm" Lou responds. Usually she loves adventures. But this is new. Lou has never climbed a tree before. And she knows she can't do it. She doesn't even want to try. But this adventure does look fun, and when all her excuses run out, Lou realizes the bravest adventurers are those who TRY. An inspiring lesson for anyone who's ever avoided something hard.

Clyde the Cable Car Mar 31 2021

Kevin Sep 24 2020

The Bear Who Couldn't Hibernate! (Sleep) May 21 2020 Snuggly the bear spends a wonderful second summer with his mother, but when it is time for them to separate and hibernate for the winter he finds that he misses her so much he cannot go to sleep.

The Bear Who Couldn't Sleep Jan 09 2022 "When Bear can't sleep, he goes on an adventure and discovers the wonders of New York City—a parade, Central Park, hot dogs, and more! But when he finally gets tired and looks for a place to rest, he learns why it's called the city that never sleeps"—Dust jacket flap.

Nadia Jul 23 2020 Nadia Comaneci was a feisty and fearless little girl who went from climbing trees in the forests of Romania to swinging into history at the 1976 Olympic Games, where she received an unprecedented seven perfect scores in gymnastics. But as readers will see in this first-ever illustrated picture book about Nadia's journey to Olympic gold, the road from small-town girl to world-class athlete was full of many imperfect moments. Expert illustrations that capture the energy and fluidity of Nadia's exuberant gymnastic routines and referential back matter round out this inspirational story of determination and overcoming adversity. A perfect 10.

The Mount Rushmore Face That Couldn't See Apr 19 2020 Cat and her friends visit Mount Rushmore, and things quickly get mysterious.

It Couldn't be Murder ... Mar 11 2022

The World That Couldn't Be (Sci-Fi Classic) Dec 16 2019 Like every farmer on every planet, Duncan had to hunt down anything that damaged his crops—even though he was aware this was... Duncan, a plantation owner on an alien world tracks the strange animal Cytha and gets a lesson in xeno-ecology.

Manifesting Change Nov 07 2021 Shares advice on realizing one's goals and offers inspirational views on universal mysteries while explaining how to overcome psychological obstacles using spiritual exercises and illustrative analogies.

A Bird That Couldn't Fly Oct 14 2019 This is a little book about two big questions, the two greatest questions in all of Western theological thought. Does God exist, and is Jesus God? There are no easy answers to these questions and, certainly, they cannot be addressed in such a small work. The answers are a work of a lifetime. Mr. Jungers has devoted twenty-one books to this subject so far, and he feels that he is only skimming the surface. Thomas Aquinas wrote twenty-one large volumes in Latin trying to answer these questions, and, at the end, said that all his writings seemed like straw. Like the Angelic Doctor, Mr. Jungers attempts to answer both questions in the affirmative. Most of the eight billion people in the world would answer the first question, "Does God Exist", with a yes; however, only about one-fourth of the people in the world have ever

even entertained the second question, "Is Jesus God"? Certain highlights stand out in this book: a series of e-mails on the birth and early years of the life of Jesus of Nazareth (written around the 2004 Christmas season); Jesus in the eyes of the Jews and the Romans; and the meaning of the Lord's Prayer, when it was said early on by his own disciples. One is invited to read this book with the eyes of faith, in the spirit of St. Paul: "If you confess with your lips That Jesus is Lord And believe in your heart That God raised him from the dead, You will be saved." (Rm 10:9)

The Sky Is Falling Jan 17 2020 When Dr. Bunsen's newest invention brings extraterrestrials down to Earth, can second-graders Gabriel, Laura, and Caesar, aka the DATA, keep their town from being space invaded?

America in Vietnam Apr 12 2022 This controversial and timely book about the American experience in Vietnam provides the first full exploration of the perspectives of the North Vietnamese leadership before, during, and after the war. Herbert Y. Schandler offers unique insights into the mindsets of the North Vietnamese and their response to diplomatic and military actions of the Americans, laying out the full scale of the disastrous U.S. political and military misunderstandings of Vietnamese history and motivations. Including frank quotes from Vietnamese leaders, the book offers important new knowledge that allows us to learn invaluable lessons from the perspective of a victorious enemy. Unlike most military officers who served in Vietnam, Schandler is convinced the war was unwinnable, no matter how long America stayed the course or how many resources were devoted to it. He is remarkably qualified to make these judgments as an infantry commander during the Vietnam War, a Pentagon policymaker, and a scholar who taught at West Point and National Defense University. His extensive personal interviews with North Vietnamese are drawn from his many trips to Hanoi after the war. Schandler provides not only a definitive analysis of the American failure in Vietnam but a crucial foundation for exploring the potential for success in the current guerrilla wars the United States is fighting in Iraq and Afghanistan.

The Journey that Couldn't be Named Oct 06 2021

I Am Mar 19 2020 We have the Power to be who we want to be. All of these women and so many more made sacrifices so that we as little girls and young women of tomorrow can strive and reach our goals with confidence. I chose this group of influential women because even in oppression they were BOLD and BRAVE. They broke down barriers and didn't let anything or anyone stop them. Every tear they shed, every battle they won should be celebrated daily. I AM Everything each of them were told they couldn't be and SO ARE YOU!

They Said It Couldn't Be Done Jul 15 2022 "One of sports' most storied championship teams gets its proper due" (Tom Verducci) in this definitive history of the 1969 Miracle Mets from the New York Times bestselling author of *The Boys of Winter*. "If you want to know what it was like to live and witness a baseball miracle in tumultuous times, this book is for you."—Ron Darling, former New York Mets All-Star and bestselling author of *Game 7, 1986* The story of the 1969 New York Mets' season has long since entered sports lore as one of the most remarkable of all time. But beyond the "miracle" is a compelling narrative of an unlikely collection of players and the hallowed manager who inspired them to greatness. For the fiftieth anniversary, renowned sports journalist Wayne Coffey brings to life a moment when a championship could descend on a city like magic, and when a baseball legend was authored one inning at a time. Future Hall of Fame ace Tom Seaver snagged the biggest headlines, but the enduring richness of the story lies in the core of a team comprised of untested youngsters, lightly regarded veterans, and four Southern-born African-American stalwarts who came of age in the shadow of Jackie Robinson. Most of the Mets regulars were improbable candidates for baseball stardom. The number two starting pitcher, Jerry Koosman, grew up on a Minnesota farm, never played high-school ball, and was only discovered because of a tip from a Mets' usher. Outfielder Ron Swoboda was known for long home runs and piles of strikeouts, until he turned into a glove wizard when it mattered most. All of these men were galvanized by their manager: the sainted former Brooklyn Dodger Gil Hodges, whose fundamental belief in the power of every man on the roster, no matter his stats, helped backup players like Al Weis and J.C. Martin become October heroes. As the Mets powered through the season to reach a World Series against the best-in-a-generation Baltimore Orioles, Hodges's steady hand guided a team that had very recently been the league laughingstock to an improbable, electrifying shot at sports immortality. "A must-read for not just for Mets fans, but all baseball fans who will appreciate what indeed was the most astounding season in baseball history."—Ken Rosenthal, two-time Sports Emmy winner for Outstanding Sports Reporter
